DOES YOUR BROADBAND MEET YOUR BUSINESS NEEDS?

If your staff spend time making cups of tea while the computer catches up – the answer is NO!

How much more efficient could your team be if:

- Websites presented quicker?
- Documents downloaded faster?
- Large attachments sent by email didn't get 'stuck' in the outbox?
- Access to the internet is instant?

(With better broadband you could run a VoIP phone system too – reducing your telecoms costs).

An advertisement for the My Care Choices Register. The top half features a cartoon illustration of a doctor in a white coat and red trousers sitting in a chair, talking to an elderly woman in a hospital bed. A large grey elephant is sitting on a small orange stool next to the bed. A clipboard with a red cross icon and the text "Incurable illness? Dementia? Frailty?" is hanging from the bed. The St Helena logo is in the top right corner. The bottom half of the advertisement has a dark blue background with white text. It asks if it's time to start a conversation about the future and what is important to you. It explains that the register is for people in North Essex with advanced illness, dementia, or frailty who want to record their care priorities. It encourages asking a doctor or nurse for more information and provides the website www.mycarechoices.online.

Is it time to start the conversation about the future, about what is important to you?

We all make plans and choices throughout our life but have you considered advance care planning? Have you thought about how you would like to be cared for should you become more unwell?

The **My Care Choices Register** is for those people in North Essex who are living with advanced illness, dementia or frailty and who wish to record their priorities for their future care. If not relevant to you, maybe someone you know could benefit?

Ask your doctor or nurse for more information.
