DOES YOUR BROADBAND MEET YOUR BUSINESS NEEDS?

If your staff spend time making cups of tea while the computer catches up – the answer is NO!

How much more efficient could your team be if:

- Websites presented quicker?
- Documents downloaded faster?
- Large attachments sent by email didn't get 'stuck' in the outbox?
- Access to the internet is instant?

(With better broadband you could run a VoIP phone system too – reducing your telecoms costs).

Is it time to start the conversation about the future, about what is important to you?

We all make plans and choices throughout our life but have you considered advance care planning? Have you thought about how you would like to be cared for should you become more unwell?

The **My Care Choices Register** is for those people in North Essex who are living with advanced illness, dementia or frailty and who wish to record their priorities for their future care. If not relevant to you, maybe someone you know could benefit?

Ask your doctor or nurse for more information.

**MY CARE
CHOICES
