## Is it time to start the conversation about the future, about what is important to you?

We all make plans and choices throughout our life but have you considered advance care planning? Have you thought about how you would like to be cared for should you become more unwell?

The **My Care Choices Register** is for those people in North Essex who are living with advanced illness, dementia or frailty and who wish to record their priorities for their future care. If not relevant to you, maybe someone you know could benefit?

**Ask your doctor or nurse for more information.**

*We take care with the one you love...*

We founded Sunnyfields in 1998 to provide a caring sympathetic and dignified service to you and your loved one, to comfort you in your loss and heartache at such a vulnerable time.

*We can collect your loved one from your home or vets or alternatively you can bring your loved one to us.*

Sunnyfields is set in the heart of the countryside in a peaceful and tranquil setting; we have our own Chapel of Rest located in a discreet part of our grounds where you can lay your loved one if you wish, spend time with them and write in our remembrance book. You are also welcome to post or bring a photograph of your beloved pet to place in our very own memorial photo album and perhaps write a few words which we will add to your photo entry creating a beautiful memory which you can visit and reflect on as a lovely reminder.

*We are never too busy to listen...*

We spend as much time with you as you need and guide you through every stage. We always welcome and encourage people to stay in contact, to visit us and remember their friend or, if they wish, just to talk.

We aim to look after the whole process for you, so you can look forward to having your loved one back home with you, where they belong.

*If you would like us to help we are here for you...*

If there is anything else we can do to help and support you please do not hesitate to contact us, no matter how small you might feel it is, if it is important to you, then it is important to us.

We are the only crematorium that returns your pet home to your door personally or you can collect your beloved pet from us, whichever you prefer. We only provide individual cremations which are 100% guaranteed, so you can rest assured that the ashes returned to you are solely those of your beloved friend.

## DOES YOUR BROADBAND MEET YOUR BUSINESS NEEDS?

If your staff spend time making cups of tea while the computer catches up – the answer is NO!

How much more efficient could your team be if:

- Websites presented quicker?
- Documents downloaded faster?
- Large attachments sent by email didn't get 'stuck' in the outbox?
- Access to the internet is instant?

(With better broadband you could run a VoIP phone system too – reducing your telecoms costs).
